

VELLANKI PHANI KARTHEEK

Graduate Student :

Profile

I am a Computer Science (AI & ML) student with a strong foundation in programming, data structures, and software development. Proficient in C, C++, Python, Java, HTML, CSS, and JavaScript, with experience in both frontend and backend development. I have hands-on expertise in version control using Git and cloud computing through the **AWS Academy Cloud Foundations certification**.

During my academic projects and internships, I worked on applying **machine learning models, deep learning algorithms, and computer vision techniques** to solve real-world problems such as traffic detection and agricultural recommendations. I am a quick learner, a collaborative team player, and passionate about building innovative solutions in **AI, ML, and cloud technologies**.

Skills

Technical Skills Like C, C++, Python, Java, HTML, Data Structures, Object Oriented Programming (OOP's)

Efficient in working with Tools like Microsoft Word, Excel, Power Point, Zoom and Microsoft Teams.

Internships

ARTIFICE - Agricultural Recommendation via Two-way Inference & Feedback Integration for Confidence & Efficiency

PROJECT:

Detection of Car in Traffic using YOLO - Implemented a traffic monitoring system leveraging YOLO (You Only Look Once) algorithm to detect cars in real time, contributing to smart traffic management.

Codegnan

Interned at Codegnan, specializing in **Machine Learning with Python**. The project involved a comparative analysis of various ML algorithms for accurate rainfall prediction using historical weather data.

Spoken Tutorial

AWS Academy Cloud Foundations (2024)

Completed training in Cloud Computing, AWS Services , Cloud Security, and Architecture through the AWS Academy program. This certification enhanced my technical proficiency while also helping me develop professional and problem-solving skills, providing a valuable and industryrelevant learning experience.

Educational details:

Gowthama English Medium High School, 2020 Passed

my schooling with **91.5%** in SSC .

Sri Chaitanya Junior College, 2022

Completed Intermediate (MPC) with **65%CGPA** from Sri Chaitanya Junior College chutugunta, Vijayawada, Andhra Pradesh, India.

Dhanekula Institute of Engineering and Technology

Computer Science (AI & ML) graduate from Dhanekula Institute of Engineering and Technology with a **CGPA** of **7.20** Equipped with solid technical knowledge, hand son experience in software tools.

Additional Qualifications

SANDSPACE Technologies Pvt. Ltd.

Participated in a workshop on 22nd and 25th October2024, gaining hands-on knowledge in emerging computer science technologies and practical applications.
